

RP065 Single Prussik Pulley with Becket

Data Sheet

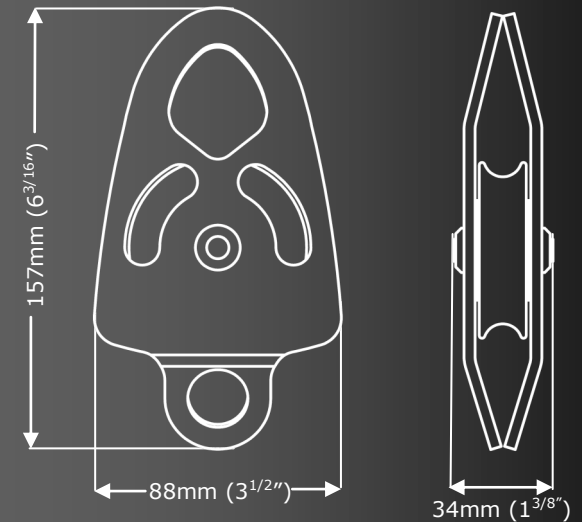

Bushings
Ideal for high loads
at low speed

Roller Bearings
Ideal for low loads
at high speed

ISC Prussik Pulleys have tamper-proof Rivets, in compliance with CE EN12278 (2007) & NFPA (1983). These pulleys are available with Bushings, or Roller Bearings.

The RP065 has a fully load rated Becket, which is large enough to allow a Karabiner to rotate fully.

Weight	330g (12oz)
